

MAUI BRAND NATURAL HAWAIIAN CANE SUGARS PRICE LIST

To follow is a list of all Maui Brand Sugar natural Hawaiian cane sugars that can be ordered wholesale, either for resale or as a natural sweetener in your food and beverage products.

The *Plantation White* is a washed, raw sugar, very light in color like coral sand from a Maui beach, which retains the pure cane juice flavor not found in refined sweeteners. It is a natural substitute whenever refined sugar is used. The *Premium Turbinado* sugar, with its natural golden-brown crystals, adds rich flavor to hot drinks, cereals, fresh fruits, and baked goods. Since the color is built into the crystal, it does not have the sticky or dull appearance of a “sprayed” product which has color (either molasses or dye) added after the crystals are formed. Its distinct color, luster and robust taste distinguished Maui Brand’s turbinado as the world’s choicest raw sugar.

Wholesale prices can vary depending on quantity ordered. For industrial users, one-ton supersacks shipped in containers (22 supersacks per container) are available upon request.
